I am writing today to offer my highest recommendation and letter of support for John and Candace Leibertz.

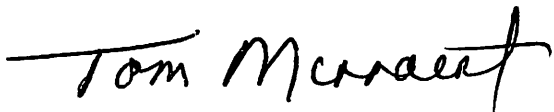

I met them through a mutual friend over 10 years ago and as I got to know them better and understand their work the more impressed I was with them. I marveled at the effort and determination to make changes in their own lives and then to pay that forward to help others. They truly have a love and heart for those who are looking to make positive change in their lives.

I was actually involved for a time with some of the houses they were running so I saw and heard firsthand the positive influence they had. I had the opportunity to visit the houses helping with food, serving meals or just interacting with people there. They are able to relate to people to let them know that no matter what may have happened in the past that they have the opportunity for a better future.

I truly believe that the goal in their lives is to improve the lives of others by helping them make a change for the better. I whole heartedly support them and again, highly recommend them to continue to pursue their life work.

Feel free to call me if you have any questions or would like some personal feedback on them. My cell is 503-260-7040.

With love,
